Dear Bud:

I'm sure by now you've given us up for lost. I must first of all apologize for the inexcusable lateness in answering your letter of January 23rd.

I'm no longer on the staff of WCNI, but I did refer your note to the current president, Barrie Mynttinen who wasn't able to bring the idea of the exchange to her staff until this week. While there was some basis to the rumor you heard concerning the moribund condition of WCNI, the possibility of renewsing CONN-TACT with WYBC brought new enthusiasm to the organization and it is now in a very viable state.

I have asked Barrie to write to you concerning details...she suggests Friday, March 12th. There are about 10 members of the radio station that would be able to come. If however, you would like a few more...say a bus full of girls (33?), it just so happens that I am the College Social Chairman this year and would be happy to arrange to charter such a bus to supplement the WCNI girls.

What do you think? Whenyou hear from Barrie maybe you two could decide what arrangement would be appropriate.

Sincerely,

Beth Murphy
